## School Bus Safety Etiquette

Drivers play an important role in the safety of children who take the bus to and from school. By following safe driving practices, especially near schools and in neighborhoods, drivers can help keep safe the millions of kids who are traveling by bus throughout the school year. At arrival and dismissal times, people are often hurrying and distracted which can lead to unsafe conditions for students. Here are some important things to consider for anyone who has a license.

Drivers should always:

- Slow down and obey all traffic laws and speed limits. This is especially important in school zones and in neighborhoods surrounding the school.
- Strictly adhere to local school drop-off and pick-up procedures for the safety of all children.
- Avoid double parking or stopping on crosswalks to let your children exit the car. Double parking will block visibility for other children and drivers.
- Avoid loading or unloading children across the street from the school. This forces them to cross busy streets.
- Be vigilant and prepared to stop for a school bus when the overhead yellow lights are flashing. Slow down and drive with caution when you

see the yellow warning lights flashing on a moving or stopped bus. Kids may dart across the street without looking for traffic.

- Stop for a school bus with its red overhead lights flashing, regardless of which direction the driver is coming. Drivers must not move until the school bus resumes motion and the red lights stop flashing, unless otherwise signaled by the school bus driver to proceed.
- Watch for children walking or bicycling both on the road and the sidewalk in neighborhoods or any area that is near a school.

Drivers should research and know the laws for traveling the roads with school buses. Knowing and adhering to the law will make school zones and neighborhoods safer for children who are using this mode of transportation about nine months out of the year.

*Your FirstService management team strives to provide the best possible service. If you have any questions or concerns, please contact us at 713-332-4750, or you can visit our office at The Club at Riverstone, 18353 University Blvd., Sugar Land, TX 77479. We thank you in advance for your support!*

*If you see this bright blue cart driving around Riverstone, know that your Riverstone HOA is hard at work for you!*

Thanks to the Riverstone Community Services Foundation for providing this new mode of transportation.

*We are happy to inform all the residents that the traffic lights on the intersection of LJ Parkway and University Boulevard are now operational!*

Construction on the traffic lights for the intersections of University Boulevard & Oilfield Road and University Boulevard & Riverstone Boulevard should begin before the end of the year.

# Constable Corner

On behalf of Constable Trever Nehls the Fort Bend County Precinct 4 Constable's Office would like to extend an exciting and safe return back to school to all citizens of the Riverstone Community. As your contract deputies for Riverstone it is our duty and responsibility to keep you informed so that you and your families have a great start to the New School Year.

As your contract Deputies we would like to extend a few simple reminders for the new school year in regards to speeding and areas in which are designated bus stops for children. Please be aware of speed limit signs in your area and make sure to come to complete stops when the school buses are stopped with red flashing lights. Additionally, please do not park in the fire zones

at the Riverstone HOA clubhouse. Park in designated drop zones when dropping off children and picking them up. And finally when parking throughout the Riverstone Community at bus stops, park within 20ft of any designated stop signs for visibility and safety.

When observing any suspicious or criminal activities that are in progress, please call 911 for assistance. For non-emergency situations where a crime has already taken place and there is no emergency, please call 281-341-4665.

## FITNESS TIP of the MONTH

### Stop Doing So Much Cardio

The most harmful misconception is that more is better, especially when it comes to cardio.

Spending long periods of time doing cardio, particularly continuous, low-intensity cardio, can actually be counterproductive. It can cause the body to hold on to its energy sources...for fear that it will need them for future long, continuous exertions.

Alternatively, short bursts of high-intensity exercises (also known as high-intensity interval training or HIIT) have been shown to burn fat, and lots of it. Thirty minutes of HIIT is much more efficient and effective than an hour of steady-state cardio.

Thank you to all the residents who came out and joined us for the final pool event of the season! Attendees enjoyed complimentary Menchie's and jammed to today's popular hits. The evening ended with the featured flick, Surfs Up, on the largest screen yet measuring over 30ft!

## H-E-B CIAO ITALIAN NIGHT

The first HEB Food Demo session was a hit amongst residents! About fifty residents came out and explored the tastes of Italy through the various dishes. "Grazie" to HEB for hosting this event and bringing this interactive experience to the community!
