Winter Weather Lawn Care

Lawn Care: During the winter season, it is a good time to apply a winterizer type fertilizer to the lawn to keep it green and healthy. Our St. Augustine lawns really do not stop growing in our climate. The top growth does become dormant, but the roots will continue to grow and store nutrients for next spring. We have to watch for Brown Patch Fungus activity as well, as it is normally active from mid-August until April. Water your lawns only as needed this time of year because overwatering lawns causes the fungus to spread. If needed, there are fungicides labeled for this disease. Brown Patch causes brown circular patterns in the lawn. If the outer edges of the circle are orange in color, the fungus is active and spreading. It does not kill the roots of the grass plant, but it does cause the grass blades to die off. The lawn will recover, but depending on the amount of damage, it may take until mid-summer to restore itself. Fungicide applications will reduce the spreading of the disease, but must be applied several times in 30 day intervals to minimize the damage.

Tree and Shrub Care: Fertilize your trees and shrubs to promote health during winter stresses and to provide nutrients for next spring's growth and burst of color in your flowering foliage. This is also the best time of year to plant any new shrubs and perennials. Fall and winter color, such as Pansies, Snap Dragons, Dianthus, and Kale should be installed now. Mulch all landscape now with hardwood mulch to retain moisture and minimize weeds in beds. Always follow label instructions to make sure you are applying the correct product to accomplish the task at hand. Make sure it is labeled for the insect, disease, weed or other pest that you are trying to control as well labeled to be used on the correct plant.

As a reminder, should any new plant material be installed, it will need to be applied for and approved by the Architectural Review Committee prior to any changes being made. An ARC application may be obtained online at www.riverstone.com or at the HOA's onsite office.

Your FirstService management team strives to provide the best possible service. If you have any questions or concerns, please contact us at 713-332-4750, or you can visit our office at The Club at Riverstone, 18353 University Blvd., Sugar Land, TX 77479. We thank you in advance for your support!

HOA Dues

Homeowners Association dues begin the 1st of January of each year, and *after the 31st of January, dues are considered late.* The use of check or money order is required, as FirstService Residential does not accept cash or credit cards. Residents do have some options as to how they may pay their HOA dues. The first option is to send it by check or money order to FirstService Residential's corporate office located at 5295 Hollister Street, Houston, TX 77040. If mailing to the corporate office, residents must be sure to include their Riverstone property address. The second option is to look at the coupon that is enclosed when the dues are sent out. If the resident wishes to use this coupon, he or she must mail the dues to the P.O. Box number on the coupon. These will go directly to a lock box at the bank instead. The bank will then scan all checks to the corporate office. Lastly, residents can visit the onsite office located at The Club at Riverstone and pay there.

Holiday Decor

The holidays can be a joyous time of family gatherings and cheer. Many people celebrate by giving gifts, eating great seasonal food, and adorning their homes with holiday decor. From wreaths, tinsel, and colorful lights to Frosty the snowman and Santa's reindeer, decorations are a fun and beautiful way to celebrate the season. While the Association enjoys seeing the holiday spirit being displayed as much as anyone else, we would also like to send a reminder to all residents to kindly observe the deed restrictions when decorating the outside of your homes. Per the deed restrictions: "Customary seasonal decorations for national holidays are permitted for a maximum of twelve (12) days or thirty (30) days, in the case of Christmas, subject to the right of the Residential ARC to specify a maximum size and other guidelines for decorations". **ALL holiday decor must be removed on or before January 24th.**

Fitness Tip of the Month

Stock Up on These!

While there are heaps of good-for-you foods out there, some key ingredients make it a lot easier to meet your weight-loss goals. Next grocery store run, be sure to place some of science's top three diet-friendly items in your cart: balsamic vinegar (it adds a pop of low-cal flavor to veggies and salads), in-shell nuts (their protein and fiber keep you satiated), and fat-free plain yogurt (a creamy, comforting source of protein). Plus, Greek yogurt also works wonders as a natural low-calorie base for dressings and dips—or as a tangier alternative to sour cream.

Personal Trainer—*Brenda Means*

A self-proclaimed gym junkie, Brenda's happy place is the gym. Fitness is not a craze but a lifestyle. Nutrition and exercise have always been a fascination for Brenda so it only seemed natural that her career path would lead to a profession involving both.

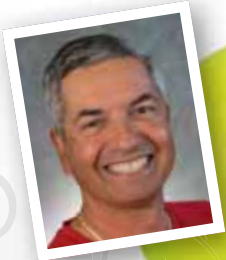

A Louisiana native, NSU graduate and avid runner evolved into teaching group fitness classes and becoming a certified personal trainer. Brenda is also Ace group fitness certified and Tabata certified.

When not in the gym, she can be found outdoors biking, running, hiking and paddle boarding. She continuously strives to explore avenues of fitness through education while challenging her body through activities on the horizon as well as those that are tried and true.

Please feel free to call Brenda for timing and prices. Brenda's Cell: 985-855-5503
