Safety at Play

Spring is nearly upon us once again, and that means some beautiful weather is bound to visit in the near future. On the perfect spring day, moms, dads, and even nannies enjoy taking their kiddos outside to play. What better place to spend an afternoon of playground fun than at The Big Adventure Park at The Club at Riverstone.

From the zip-line to the swings and slides, surrounded by a springy, purple path, The Big Adventure Park is a world of excitement for kids! While fun and games come naturally for children, we all know that safety is not something that first crosses their minds. Inherently, it is imperative for parents and nannies to watch over the safety of their children, but every responsible adult should do their part in being vigilant of that as well, especially while driving. The Association would like to remind Riverstone residents to please keep safety in mind while driving, especially near the parks in Riverstone.

While we are unable to enforce public safety, each one of us can contribute to making the roads and walking paths that intersect with the roads much safer for our children and other pedestrians by simply practicing responsible driving habits. To report any matters or concerns regarding traffic and/or safety, please contact Constable Precinct 4 at 281.341.4665.

REMINDER: Riverstone residents have access to the outdoor restrooms near The Big Adventure Park with a valid amenity card.

Your FirstService management team strives to provide the best possible service. If you have any questions or concerns, please contact us at 713.332.4750, or you can visit our office at The Club at Riverstone, 18353 University Blvd., Sugar Land, TX 77479. We thank you in advance for your support!

We ask that you allow the automatic closing mechanism to function as designed.

IN THE COMMUNITY

Constable Corner

Riverstone Community from Constable Trever Nehls and all of us at the Precinct 4 Constable's Office. As we head into the 2nd quarter of 2016, I would like to encourage all citizens of Riverstone to be more security conscious and observant in the community. There is much that we can do together to lower the chance of becoming a victim of crime. One of the best ways to lower the chance of home burglaries and property thefts is by getting to know your neighbors and communicating with them. Additionally, make sure you are locking your doors to your residences and vehicles. Shut and lock all of your windows, set your alarms, and keep your garage doors shut when not in use. Be aware of suspicious or out-of-place vehicles in the neighborhood and door-to-door solicitors. You should report anything suspicious to the police. To reduce the chance of becoming the victim of a scam/identity theft, do not give out any personal information and/or money to anyone you don't know and contact law enforcement with any questions or concerns.

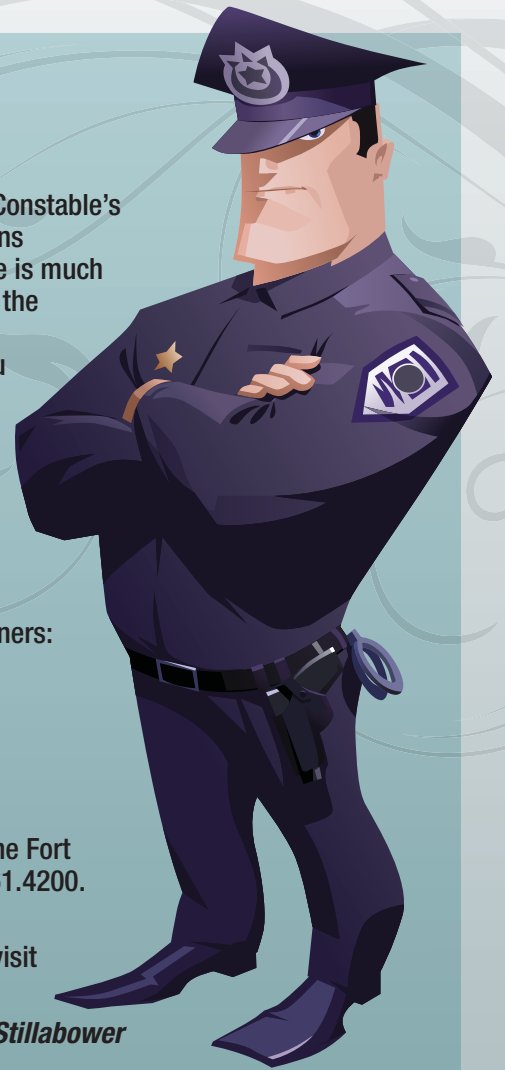

Additionally, we would like to add in some preventative safety tips for business owners:

- Be aware of your surroundings to and from work.
- Any suspicious persons/vehicles, report to law enforcement immediately.
- Do not drive home if you feel you are being followed.
- Drive to your nearest known law enforcement agency and,
- Call police while this is occurring and follow directions provided by dispatch.

To report an emergency please dial 911 and for non-emergencies please contact the Fort Bend Sheriff's Office at 281.341.4665 or Missouri City Police Department at 281.261.4200.

If you have any questions feel free to contact me by email at Christina.Resendez@fortbendcountytx.gov. I will be happy to schedule a personal visit if you desire.

Fitness Tip of the Month

Make Physical Activity Part of Your Daily Routine!

If it's hard to find time for exercise, don't fall back on excuses. Schedule workouts as you would any other important activity. You can also slip in physical activity throughout the day. Take the stairs instead of the elevator. Walk up and down sidelines while watching the kids play sports. Take a walk during a break at work. Pedal a stationary bike or do strength training exercises while you watch TV at night.

Research has found that sitting for long periods of time may negatively affect your health, even if you otherwise get the recommended amount of weekly activity. If you sit for several hours a day at work, aim to take regular breaks during the day to move, such as walking to the water fountain to get a drink of water or standing during phone conversations.
