Lawn Care

With the summer fast approaching we all know the grass in Texas will flourish. Left unmaintained for more than a week, it can become quite an eye sore. Therefore, we would like to encourage residents to maintain their property on a weekly basis during this time by mowing their lawn, edging their driveways and walkways, and weeding their yard (don't forget about the areas between the concrete slabs). Force Mows will be issued in the event an unsightly lawn is not rectified within the specific time-frame. Everyone contributes to the overall look and feel of the community and by maintaining your yards, you are making your community that much better.

Trash Cans

In accordance with the deed restrictions for trash maintenance, be sure to keep all garbage in a proper trash receptacle with a securable lid. Trash cans must also be kept sanitary and remain out of public/street view in-between trash pickup days. Residents are permitted to set their trash can(s) out after 6:00pm the evening prior to their respective trash pick-up days, but they must be out of public/street view the same day of pick up. The Association would also like to remind residents not to litter. Please join our efforts to keep Riverstone beautiful and dispose of your trash in the proper waste receptacles.

Please Pick Up After Your Pet

Riverstone is happy to be a pet friendly community, even offering a dog park for our furry friends to play in! With this family-oriented community, pets are a welcomed addition to many homes. But if you don't watch your step, you just might step in one such reminder! With the numerous calls we have received from homeowners, the Association would like to send a friendly reminder to residents who own a furry friend. When walking your dog(s) in Riverstone, please remember that it should be leashed and please immediately clean up after your pet. Take with you a baggie to pick up your pet's waste and be sure to dispose of it properly. Please also keep in mind that it is not the Association's responsibility to ensure that Riverstone is pet waste free. By simply cleaning up after your pet, you can contribute not only to the beautification of Riverstone, but also towards the elimination of an irritating nuisance in our community.

Your FirstService management team strives to provide the best possible service. If you have any questions or concerns, please contact us at 713.332.4750, or you can visit our office at The Club at Riverstone, 18353 University Blvd., Sugar Land, TX 77479. We thank you in advance for your support!

Fitness Tip of the Month

Treating Sore Muscles

You work hard all week, so when the weekend finally rolls around, you want to play just as hard. There's nothing like a few rounds of golf, a hike in the mountains, or an intense workout at the gym to help you feel recharged.

But all of that exercise can cause soreness and stiffness that shows up a day or two later. One big question a lot of people have when they're nursing sore muscles is whether to use heat or ice. Experts say indirect ice—an ice pack wrapped in a thin towel—is best for immediate relief.

Heat will feel good while it's on, but it's not going to lessen the damage or make it go away anytime soon.

Experts suggest you ice the sore area right after the activity to cut inflammation. Then use heat later to increase blood flow to the area. Heat also can help relieve joint pain.
