NEIGHBORHOOD NEWS

School Traffic

While the new elementary school is a positive addition to Riverstone, some parents are reluctant to allow their children to walk or bicycle to school due to the traffic congestion and perceived traffic danger during student arrival and dismissal. This often results in more parents driving their children to school which adds to the extra congestion and safety problems at the school, creating an increasing cycle of traffic problems. In an effort to encourage everyone to be safe, please be conscientious of your neighbors and remember not to park in a manner that blocks stop signs, causes issues with entering and/or existing neighborhoods or completely blocks through traffic on a main thoroughfare. This would alleviate some safety concerns when it comes to school drop off/pick up congestion.

Your FirstService management team strives to provide the best possible service. If you have any questions or concerns, please contact us at 713.332.4750, or you can visit our office at The Club at Riverstone, 18353 University Blvd., Sugar Land, TX 77479. We thank you in advance for your support!

Fitness Tip of the Month

**Don't Rush to
Self-Judge**

Many individuals will drop their training program because they aren't seeing results fast enough. However, physiological changes occur incrementally. You won't likely see much—if any—from one week to the next, but you surely will after 90 days. That's why you should make an iron clad pact with yourself to stick with a workout routine for at least 3 months. Only then should you do picture comparisons or measurements.

Most common grip styles are: continental, eastern, semi-western, and western grips.
