LUKE— YOUR COMMUNITY ASSISTANT

LUKE is a free app that can be installed by residents on either their Android or Apple mobile devices. This resident reporting tool allows you to directly submit maintenance issues such as irrigation, damaged common areas, streetlights that are out, etc. to the HOA Operations Team and then follow the resolution process (if you desire). The Riverstone HOA is happy to provide yet another tool for residents (in addition to telephone calls and emails) to communicate directly with the Association staff on community concerns. Download LUKE today on your mobile phone to get started! (www.getluke311.com)

HAVE YOU CHECKED OUT RIVERSTONE HOA'S WEBSITE?

To help all residents stay connected and informed with Association matters, the Riverstone HOA launched www.rshoa.org late last year. Residents can access governing documents and guidelines, view annual assessment information, print application forms for modifications, gate changes, and amenity cards, view meeting agendas and minutes, and so much more! This site is still a work in progress, so new information will continue to be added as the year progresses.

HOA CORNER

Welcome Sean Parker

Our Community Standards Supervisor!

Our HOA team is growing strong, and we've added a few more faces to the office. So, without further adieu, we'd like to introduce you to Sean Parker, our new Community Standards Supervisor.

Sean may already look familiar. He comes to us from our sister community, Sienna Plantation, where he worked in the Community Standards Department for eight years. At Riverstone, he will be

working with the rest of our community standards team to keep Riverstone beautiful. He will supervise the department and handle deed restrictions and commercial drives.

"I would like to say thank you to the Riverstone community for allowing me to be a part of this wonderful place," Parker said. "I want to ensure that Riverstone continues to be one of the most beautiful places for our residents to live."

In addition to spending time with our residents, Sean enjoys swimming, tinkering with gadgets and technology and going to the movies. He's been married for 10 years and he and his wife have three cats.

Meet Jeff Gajewski

Your New Maintenance Coordinator!

Jeff joined our team back in January, so you may already be on a first-name basis with him. Very experienced in community maintenance, Jeff worked at New Territory in Sugar Land for five years.

"My goals are always to save money by doing repairs in-

house," Jeff said. "I intend to do my best to keep this beautiful neighborhood as it should be."

Jeff will be in charge of the day-to-day maintenance of Riverstone. He will assist Julie Kveton, our operations supervisor, who also came to us from New Territory.

Jeff is married and has one son and two daughters. He enjoys fishing and going to the beach.

If you haven't already, stop by the HOA office at The Club at Riverstone, 18353 University Boulevard, and say hello to Jeff and Sean!

YCFC in Riverstone: Your Community Foundation Committee

As outlined in the "Your Community Foundation Committee" insert included in this month's newsletter, the Riverstone Foundation exists to enhance services and resources to the community through the sponsorship of programs, activities, and events as deemed beneficial to the general good and welfare of Riverstone.

Additionally, some of the Foundation funds are appropriated to provide monetary assistance to Riverstone families challenged with the financial stress of caring for a child with a chronic, debilitating illness or birth defect. These funds are in the form of a special grant known as the Children's Catastrophic Fund Grant.

For more information and to access grant guidelines and applications, visit the HOA website at www.rshoa.org > Foundation.

NEIGHBORHOOD NEWS

What Does it Mean to be a Good Neighbor?

Does being a good neighbor mean that you smile and wave when you pass by? Or maybe it means that you take a fresh plate of cookies to the new family who just moved in? Despite the varying definitions of what it means to be a 'good' neighbor, perhaps all of us can agree on some common courtesies that help make us 'better' neighbors.

We've gathered some of the most commonly heard complaints and listed them below. Perhaps this list can help us reflect on whether we're being respectful towards our neighbors.

1. **Speeding**—Many residents enjoy walking and riding bicycles in the neighborhood. Speeding and/or being distracted while driving poses a threat to everyone's safety.
2. **Blocking neighborhood entrances/exits during school bus drop-off/pick-up times**—Parking near neighborhood entrances makes maneuvering difficult for others and dangerous for pedestrians. In gated neighborhoods, parents are encouraged to have children use the pedestrian gates.
3. **Parking in the street**—Parking in the street, rather than a driveway or garage, hinders residents from safely backing out of their driveways and makes passing other vehicles extremely difficult.
4. **Improper disposal of trash and pet feces**—No one wants a 'surprise' on the bottom of their shoes! (To aid with this common complaint, the HOA has installed several trash cans and pet stations along walking paths and in parks.)
5. **Neglecting home maintenance**—Many residents take great pride in their lawns, landscaping, and general upkeep. When the exterior of a home is neglected, not only does it stand out like a sore thumb, but it also brings down the aesthetic beauty of the entire neighborhood.
6. **Unapproved home modifications**—All exterior modifications should be submitted for review/approval PRIOR to beginning work. Doing so helps keep the overall aesthetics of the neighborhood consistent in appearance and quality. Applications and guidelines are available at rshoa.org>community standards.
7. **Visible trash bins**—Trash bins are an eye sore when left at the curb or stored in plain sight.
8. **Gate Etiquette**—Programming residents' toll tags is the easiest and quickest method of entry into a gated neighborhood. (Other options are available if a resident doesn't have a toll tag.) Encourage service providers and guests to use the gate directory, rather than trying to enter behind another resident.

Constable Corner

On behalf of Constable Trever Nehls and the Fort Bend County Precinct 4 Constable's, we want you to have a fun and safe summer. When leaving out of town, remember to utilize our House Watch Program provided by Fort Bend County Pct. 4 Constable's Office. Remember to cancel newspapers and packages while you are gone or make arrangement to have them picked up or removed.

House Watch Program

- What is it?—*Monitoring of your residence while on vacation*
- Benefits to utilizing our program—*Law Enforcement presence*
- How to set up your house watch—*Call Pct 4 Office 281.242.4014, 48 hours prior to leaving for vacation during business hours (8:00am-4:00pm) (Mon-Fri)*

When observing any suspicious or criminal activities please call the Fort Bend County Sheriff's Office for assistance. For emergencies call 911. For non-emergency situations please call 281.341.4665.

If I can be of service or answer any questions, please contact me, Riverstone Sgt. Christina L. Resendez, at christina.resendez@fortbendcountytexas.gov.

Now is the time to explore and battle in uncharted territory. In this class, battle-bots evaluate the potential of a rough and dangerous area before moving in permanently. Experts need you to build a variety of very unique robots with an awesome skillset, capable of driving over any junk or obstacle and overcoming any unfamiliar elements or elevation changes in this treacherous junkyard. Use gears, structural integrity, and IR Technology to overcome the unknown. Can your robot not only survive, but thrive in the junkyard?

July 30th–August 3rd | Reverse Engineering I: Forward Thinking | 1:00pm–4:00pm | Ages 6+

Because life doesn't always come with an instruction book, neither will your robots. Do you really need instructions to recreate, duplicate, or make a working model better? What's the big picture? How do all these pieces make it happen? Teams must draw from their deeper understanding of how Legos work together to make a complete enhanced robot. Build to recreate the robots shown...aim to upgrade and improve designs! Let's go forward in thinking by building in reverse.

Tennis Court Etiquette

- 🏸 Talk quietly when standing near tennis courts that are in use so as not to disrupt players on adjacent courts.
- 🏸 Never walk behind a court when a point is still in play. Wait until the point is over and then cross as fast as possible to get to your own court.
- 🏸 When sending balls back to a neighboring court, roll them on to the back of the court. Never send them back while play is in progress. Also, if one of your balls rolls into an adjacent court, don't run after it, just wait for your neighboring court to return the ball when it's convenient.

Tennis Court Reminders

- 🏸 Riverstone's Tennis rules and regulations rule #11 prohibits the booking of back to back times on the same court. Second booking will be unreserved by the system administrator.
- 🏸 Court #6 at The Club at Riverstone and court #1 at Riverstone Blvd are designated as walk on courts.
- 🏸 Only authorized professionals are allowed to teach at both Riverstone's locations.

BLAST FROM THE PAST

Chillin' at Houston's Coolest Crawfish Boil

We are boiled over with Houston's Coolest Crawfish Boil 2018!

There were an estimated 4,500 people in attendance, and the introduction of a resident-only food line kept everything organized with both lines moving smoothly. In all, we dished out 5,000 pounds of the spicy crustaceans—plus the corn, potatoes and sausage that make for the perfect crawfish bucket. Even Mother Nature cooperated, with the rain holding off and the cloudy skies giving us pleasant temperatures.

And while people feasted on crawfish and offerings from several food trucks, we had plenty to keep the kids busy, including a 40-foot tall Blue Crush giant slide, which was a definite hit. Bayou Roux kept the energy upbeat with its mix of Zydeco, Cajun, country, pop and blues music.
