HOA CORNER

Say Hello to

Jose Zelaya
Operations Tech

Jose started overseeing all activities related to maintaining our common areas and facilities in April. His duties include supervising maintenance and utility crews as well as contractors. He's also responsible for the maintenance of the access gates and cameras, performing daily inspections to ensure they are working properly.

Before joining Riverstone, he spent 18 years working in facilities maintenance at Sweetwater Country Club where he says he grew personally and professionally.

"My experience is extensive having worked day to day on a 40-year-old building for so many years," Jose said. "It's helped prepare me for my role with Riverstone HOA. I also believe the biggest commonality is having worked in the Sugar Land community at a private club for almost 20 years, tons of Riverstone residents are/ were members at Sweetwater Country Club which made for a very smooth transition."

Jose is appreciative of the love Riverstone residents have for their community.

"What I like most about Riverstone residents is their love for their neighborhood," he said. "It is obvious when driving through this master-planned community and seeing how well kept all areas are and knowing it's due to the residents and the HOA's partnership that keeps this area immaculate."

He also loves the operations team.

"Everyone has been very friendly and welcoming to me as 'the new guy,'" Jose said. "I appreciate that. They are all knowledgeable in various aspects of their roles and always willing to help when needed. I feel great joining such an amazing team."

Jose said he was born in La Ceiba, Honduras, and raised on the beautiful island of Roatan before coming to the United States at the age of 16. He met his "social butterfly" wife LaToya while working at Sweetwater Country Club. They have been together for 10 years—seven of them as man and wife. Together they have one spoiled fur baby, a spoiled Shih Tzu named Basil. When he isn't keeping Riverstone beautiful or spending time with his family, he enjoys hitting the links and watching soccer.

He is excited for this new chapter in his life. "I look forward to meeting you all," he said. "I'm a very laid back, approachable guy so if you see me, feel free to say hi and introduce yourself. I'll do my best along with the rest of the team to keep this community operating properly."

Be sure to stop by the HOA office and give Jose a warm Riverstone welcome!

PLEASE NOTE

That the June Architectural Review Committee Meeting Has Been Rescheduled for Wednesday, June 8th at 9:00am. Applications Will Be Due by Thursday, June 2nd.

Lucas Gamez
Operations & Lifestyle

Lucas has been part of our operations and lifestyle team since October 2021. You may not have met him, but we're sure you've seen his work.

"I have many tasks that range from just picking up litter seen around the neighborhood to fixing a gate that has stopped responding at one of our gated communities," Lucas said. "Lifestyle has a different set of responsibilities, such as event setup and tear down for a wide variety of events."

Lucas previously worked as a facilities helper at Riverpointe Church. He said the position taught him how to maintain many things and how to easily move equipment around when handling event set up and take down.

Working at Riverstone is challenging, but Lucas enjoys it.

"I really enjoy how this job has such a wide range of responsibilities," he said. "It keeps me looking forward to coming in to work to see what I may be working on the next day."

Another responsibility Lucas has is as a student.

"I'm currently enrolled in school as well on the journey to become a chemical engineer," Lucas said. "In the near future, I hope to be able to afford one of the beautiful homes in the Riverstone community!"

Lucas said one of the things that attracts him to Riverstone is the diversity of its residents. He wants everyone to know he is on the job.

"I would like each resident to know that I'm constantly searching for problems that I wouldn't want to have in my community," he said. "I care about the community."

If you're planning to attend a Riverstone event, stop by before or stay after it ends. You are sure to see Lucas. Introduce yourself and thank him for a job well done.

Say Hello to

Nathan Nagel
Seasonal Recreation Coordinator

Our pools are the crown jewel of Riverstone. With swimming season underway, we need someone up to the task of keeping them beautiful. That someone is Nathan Nagel, our new seasonal Recreation Coordinator.

Nathan started in April. He will be helping Nick maintaining the three pools — a job he is more than qualified to do.

"I owned and operated my own pool business," Nathan said. "It helped me develop good customer relation strategies and an overall ability to communicate with my clients."

Nathan loves the diversity of our community as well as the atmosphere and the environment. When he isn't taking care of our pools, he is enjoying some well-deserved downtime fishing.

If you see him by one of our pools, take a minute to introduce yourself and thank him for his hard work!

Say Hello to

Ivan Garza
Operations

It's not magic how clean Riverstone is—it's Ivan Garza, the newest member of the operations team.

Ivan started on April 25, and already he is making a difference. His job duties include picking up trash, manual labor, power washing and making sure Riverstone looks spic and span.

Before joining our team, Ivan worked at River Pointe Church. He handled maintenance there, doing similar things to what he is doing here but on a smaller scale.

"I love making sure Riverstone looks clean," Ivan said. "Taking care of such a huge community is such

a great opportunity."

Ivan loves how friendly Riverstone residents are and said that they are overall great people.

"I would like the residents to know that I am here to help and make their community look spotless," he said.

Ivan has a wonderful girlfriend and a beautiful two-month-old son named Mateo. When he isn't busy caring for his son, he loves to play video games.

When you see him around Riverstone, make sure to say hello and welcome him to our community!

SOLACE PSYCHIATRY AT RIVERSTONE Mood and Behavioral Specialists

Nearly one in five adults lives with a mental illness. This can include depression, bipolar, anxiety and attention deficit disorders. The good news is that mental illnesses are treatable. Helping these individuals function and even thrive in their daily lives is the goal of Solace Psychiatry Clinic in Riverstone.

Founded by Prashant Gajwani, MD in 2015, Solace provides the latest treatment options and evidence-based care to the community.

"Mental health is as important if not more important than physical health," Dr. Gajwani said. "It affects not only the individual but also their family, friends and their community at large."

Dr. Gajwani is a board-certified psychiatrist and the medical director of Solace Psychiatry. After 15 years of working in academic medical centers to focus on providing evidence-based care, he decided to enter private practice with the goal of providing comprehensive treatment for anxiety, bipolar disorder, attention deficit disorder and more. He was joined in 2019 by Darko Zdilar, MD.

Both Dr. Gajwani and Dr. Zdilar trained at the prestigious Cleveland Clinic Foundation for four years. They are supported by a stellar team of nurse practitioners, physician assistants and therapists.

In addition to the standard protocol of medication and counseling/therapy for treating behavioral disorders, they offer several alter-

native options to those who are clinically drug resistant.

"We believe in empathetic listening and working to provide diagnosis and treatment options, empowering our patients to make sound choices," Dr. Gajwani said.

Services available include diagnoses, prescriptions, treatments, and long-term monitoring of a variety of mood and behavioral conditions as well as Trans-cranial Magnetic Stimulation, psychotherapy, Ketamine infusions, esketamine intranasal treatment, vagus nerve stimulation and telepsychiatry. Patients may also choose to participate in clinical psychopharmacology trials.

The goal of all treatments is to help eliminate or control symptoms so patients can function better and increase their well-being.

"My greatest success has been witnessing our patients with Treatment Resistant Depression and advanced mood disorders begin to heal and improve their qualities of life," Dr. Gajwani said.

To get started on the road to better mental health, visit the Solace Psychiatry website at www.solacepsychiatry.com or call 281.778.9530, option 1. The practice is located at 4502 Riverstone Boulevard Ste 601 Missouri City, Texas 77459.

IN YOUR COMMUNITY

Fort Bend County Nonprofit Spotlight

accesshealth
Your Community Health Center

Everyone deserves access to quality healthcare no matter their income level. That's the philosophy behind AccessHealth, a not-for-profit community health center with 16 locations across Fort Bend County, Waller County and surrounding areas.

"AccessHealth has been embedded in the community for 50+ years," said Palak Jalan, Chief Population Health Officer for AccessHealth. "What started as a WIC site in Fort Bend has led to serving across Fort Bend and Waller counties with five clinics and 11 WIC sites."

AccessHealth is a Federally Qualified Health Center. This designation means clinics are community-based health care providers that receive funds to provide primary care services in underserved areas. The organization estimates that 80 percent of Fort Bend residents qualify for discounted medical services.

Clinics serve approximately 20,000 individuals per year. The Missouri City clinic, established in 2010, provides primary care. A mobile clinic was established in 2018. The East Fort Bend Clinic is currently stationed at the East Fort Bend Clinic in partnership with Fort Bend Community Church.

AccessHealth does not turn away anyone in need. Doctors at the clinic see approximately 25 patients per day. Of those, about 55 percent are uninsured, and 15 percent are underinsured. The cost per visit is \$260 per visit. The average cost of treating a patient is \$850.

Patients with family incomes below 200 percent of the federal poverty level are eligible for sliding scale fees. Medicaid, Medicare, CHIP and most private insurances are accepted. Individuals who have no insurance and are eligible for discounted services may be placed in a discounted fee group based on their family size and household income.

Services provided at the Missouri City clinic include family medicine, pediatric, immunizations, lab services, behavioral health and case management, select pharmacy, outreach and enrollment services, screenings and brief intervention and referral treatment (SBIRT).

The goal of providers is to treat all patients with compassion, competence and integrity, addressing their physical, social and psychological needs.

"I am proud that our patients, employees and leadership reflect the community and work with wonderful community partners to focus not just on healthcare but whole person patient and community centered well-being," Jalan said. "The care we provide is equitable—from excellent clinical care to making sure nutritious food is not a barrier, our team collaborates for the best outcomes."

Recently, the AccessHealth Missouri City, Brookshire and Stafford clinics were awarded the Patient-Centered Medical Home Recognition by the National Committee for Quality Assurance.

The NCQA standards stress the use of systematic, patient-centered, coordinated care that supports access, communication and patient involvement.

"We are extremely proud of this distinction, and it's a substantial credit to the great work of the team," said Mike Dotson, CEO of AccessHealth. "As our integrated care model continues to evolve, we look forward to more expansive efforts in service to our communities. It's a true privilege to do the work we do."

AccessHealth also sponsors a robust volunteer program. Volunteers serve in patient liaison, hospitality and administrative roles. Bilingual speakers are preferred.

Back-to-school drives are held to ensure underprivileged children have what they need to start the school year off right. Riverstone will be hosting a drive July 1–20. Items such as notebooks, paper, pens, pencils and notebooks can be dropped off at The Club at Riverstone.

You can learn more about AccessHealth by visiting their website at <https://myaccesshealth.org>. If you or someone you know needs healthcare services, give the Missouri City a clinic a call at 281.342.4530.

SUMMER STARTER WORKOUT PROGRAM

Get the summer started with a 4-week workout plan! Let's just call this the accelerated beginner's guide to bodybuilding. In this plan, your month of training will be demanding, but not so demanding as to cause injury (or worse yet, burnout), and progressive in the sense that each week you'll graduate to different exercises, higher volume, more intensity or all of the above. After four weeks you'll not only be ready for the next challenge but you'll have built a significant amount of quality muscle. In other words, one month from now you'll look significantly better with your shirt off than you look now. (How's that for results?)

This program isn't just for the true beginner who has never touched a weight before; it's also suitable for anyone who has taken an extended leave of absence from training. How long has it been since you went to the gym regularly? Six months? A year? Five years? No worries: The following routines will get you back on track in—you guessed it—just four short weeks. Let's get to work.

Starts June 1st and ends June 30th! All program info to get you started is available via the Riverstone App.

Tennis Court Etiquette

- Talk quietly when standing near tennis courts that are in use so as not to disrupt players on adjacent courts.
- Never walk behind a court when a point is still in play. Wait until the point is over and then cross as fast as possible to get to your own court.
- When sending balls back to a neighboring court, roll them on to the back of the court.
- Never send them back while play is in progress. Also, if one of your balls rolls into an adjacent court, don't run after it, just wait for your neighboring court to return the ball when it's convenient.
- When reserving courts please be considerate to other residents by cancelling your reservation when you know that you will not be using it.

Unauthorized Tennis Lessons

Recently there has been an increase of tennis lessons at Riverstone by unauthorized tennis pros. Please keep in mind that HOA rules prohibits the teaching of tennis lessons by unauthorized persons.

BLAST FROM THE PAST

Crawfish Boil is Back!

After two long years, the annual Crawfish Boil was brought back to Riverstone. Listening to zydeco hits from Step Rideau & Zydeco Outlaws, residents lined up for juicy crawfish which included corn, potatoes and beef sausages. Bounce houses, face painters and balloon twisters filled the area bringing fun for all ages. Thank you again to our event partners: H-E-B, Rhythm Energy, and Astound.
