Compliance Reminder

Parking in our Community

We all have a role to play in keeping Riverstone a safe and attractive neighborhood. Maintaining community standards and preserving property values are vital aspects of creating a harmonious living environment. Everything from pet etiquette to lawn maintenance affects the look and feel of our neighborhood. One of the most disputed rules in any HOA often relates to parking.

Riverstone HOA has a policy that outlines our parking rules within the community. Below are some highlights from this policy for residents to keep in mind.

- Qualified Vehicles are defined as—passenger automobiles, passenger vans, motorcycles, or pick-up trucks that are in working order, current on vehicle tags, and are in regular use. Any vehicle that does not meet these requirements is consid-

ered a stored vehicle and must be completely concealed from public view.

- No vehicles may be parked so as to obstruct or block a sidewalk, parked either wholly or partially on a curb, or be parked on a grassy area.
- No vehicle may be parked in such a way as to inhibit or adversely affect ingress/egress from a driveway on a daily basis.
- Commercial vehicles, including but not limited to associated machinery, trailers or equipment in use for the construction, repair or maintenance of a Residence, Lot, or Common Area may be temporarily parked in the immediate vicinity of such Residence, Lot or Common Area, but only for the time necessary for such purpose.
- A recreational vehicle with not more than two axles may be temporarily parked in front of a Lot or on the driveway of a Lot for up to forty-eight (48) hours for loading and unloading only.

For more information on the parking policy, please visit our website <https://www.riverstone.com/residents>

Thank you for your cooperation,

New at The Club

Blooms and Butterflies

Next time you flutter by The Club at Riverstone, you may notice that a portion of green space near the playground is undergoing a metamorphosis! Last month, crews began construction on a new community butterfly garden. When completed, this park will include a seating area, custom artwork, and an assortment of native flora perfect for attracting winged-friends. Stay tuned as we grow, evolve, and transform this uniquely beautiful space.

Flex Room Updates

Some exciting new developments are happening at the Riverstone Fitness Center!

If you haven't been recently, the fitness center's Flex Room has been updated with a variety of new equipment! Residents can now enjoy kettlebells, medicine balls, slam balls, and TRX suspension training!

Pool Hours Change This Month

As Riverstone's youth go back to school, the regular pool season winds down.

Beginning Monday, **August 7th**, all community pools begin operation on modified hours. **Riverstone Waterpark** will be closed during the work week and will be open for weekend hours through **Sunday, September 24th**.

The Waterpark will be open on **Monday, September 4th** (Labor Day).

Creekstone Village and Riverstone Boulevard Recreation Center pools will close for the 2023 swim season at this time.

NEIGHBORHOOD NEWS

Sheriff's Corner

The Fort Bend County Sheriff's Office recognizes the importance of partnerships and collaboration in promoting community policing. That's why Riverstone has designated deputies consistently patrolling our community. We thought you'd like to meet them and hear their thoughts about community-oriented policing and summer safety.

Riverstone Patrol **Sergeant Michael Alexander** leads the team that keeps Riverstone safe. He started his career at the Harris County Sheriff's Office and has been with the Fort Bend County Sheriff's Office since 2010. After being promoted to detective, he spent five years in the Criminal Investigation Division working in the Special Crimes Unit. After receiving his sergeant promotion in 2021, Sgt. Alexander took over the Riverstone patrol partnership agreement.

Deputy Fabbain Pearson has been a member of the Fort Bend County Sheriff's Office since June of 2021. Fabbain taught for six years in Fort Bend Independent School District. In 2020, he was accepted into the Gus George Law Enforcement Academy. Upon graduating and receiving his peace officer license, Deputy Pearson began his law enforcement career with the Fort Bend County Sheriff's Office.

Deputy Larry James has served in law enforcement for approximately 13 years. Deputy James graduated from Prairie View A&M University with a Bachelor of Science in Criminal Justice and received his master's degree in Public Administration from Texas Southern

University. He has been a Fort Bend County Sheriff's deputy since January 2021.

Sergeant Alexander said that community-oriented policing contributes to a better quality of life and a sense of improved public safety.

"Community policing fosters opportunities for interaction between community members and public servants, building trust between the

community and law enforcement," Alexander said. "By working together, we can develop solutions to community problems."

The Sheriff's Office hosts a variety of community events, such as Coffee with a Cop, encouraging citizens to come out and meet with deputies. Also, they attend Neighborhood Night Out. Sergeant Alexander attends the Riverstone MUD meetings and hopes to attend HOA meetings, allowing him to interact with the citizens of the community, listen to community concerns, and be up-to-date with current events and concerns.

"If you see a Fort Bend County Sheriff Deputy in your neighborhood, feel free to say hello, report any suspicious activity, or let us know if you have a concern about anything," Alexander said. "We are here to keep you and Riverstone safe."

With summer here, Sergeant Alexander shares these tips for safety:

- While school is out, make sure you watch for children while you're driving.
- Always be aware of your surroundings.
- Keep water safety tips in mind. Never leave a child unattended in the pool, tub, or body of water. Ensure children wear life vests/floaties and bright colored bathing suits for visibility in the water. Never swim alone, always swim with a buddy, and make sure you stay hydrated and wear sunscreen daily.
- Make sure you are swimming in a designated area—DO NOT swim in the ponds in Riverstone. The ponds are home to snakes and alligators.
- Learn CPR, as you never know when you will be faced with a life-saving incident.
- Be cautious when outdoors and exposing yourself to extreme heat conditions. Know the signs of heat cramps, heat exhaustion and heat stroke. Keep hydrated by drinking plenty of water.
- Change your smoke alarm batteries.
- Stay up-to-date with weather conditions, as we are in hurricane season through November 30, 2023.
- Be mindful of children and pets. Take measures to prevent leaving them unattended in hot vehicles, even of just for a short while.
- If you are going on vacation, complete a vacation watch request on the Fort Bend County Sheriff's Office Website, <https://www.fortbendcountytx.gov/government/departments/sheriff-s-office/programs/vacation-house-watch>.
- If you notice suspicious activity in your area, you can call the department at 281.341.4665, and they will set up a close patrol for deputies to watch the area more frequently.
- If you see something, say something.

Riverstone Business Spotlight

SKY PERIODONTICS & IMPLANT DENTISTRY

There's more to caring for your teeth than brushing them. Caring for your gums and the bone material surrounding and supporting the teeth is also important. For that, you need Dr. Saylee Nimbalkar and SKY Periodontics and Implant Dentistry.

Dr. Nimbalkar has been a Riverstone resident for more than five years. While living here, she noticed that there were no full-time periodontists—which could be a problem for people, particularly the elderly.

“Elderly people have to drive a long distance to see a periodontist,” said Dr. Nimbalkar. “Hence, in order to serve my community, I decided to open an office in Riverstone.”

She opened the practice in February. The dental specialty office focuses on gum and bone problems, dental implants, deep cleanings and comprehensive examinations as well as various dental surgeries such as ridge augmentation, sinus lift and more.

“We put patients first,” she said. “We value each one and provide personalized care catering to individual needs and strive for best-in-class patient care.”

That includes treating periodontal disease in which the gums pull away from the tooth, bone can be lost and the tooth may loosen or even fall out without treatment. Risk factors include age, smoking, grinding teeth, genetics, stress, medications, systemic diseases, poor nutrition and more.

“With the right at-home care and visits to a periodontist, periodontal disease can be preventable,” Dr. Nimbalkar said. “Home care includes proper brushing, flossing and routine visits to your periodontist.”

Dr. Nimbalkar said her practice keeps up with the latest technology and treatment options.

“We are committed and focused to achieving our patients’ goals pertaining to their periodontal needs and bringing back a confident smile,” she said.

One service offered is gum grafting. When gums recede, the roots are exposed, making it easy for bacteria to penetrate. This can lead to tooth sensitivity, increased risk for decay with pain and discomfort.

“Gum grafting provides the coverage of these exposed surfaces and help prevent further recession,” Dr. Nimbalkar said. “The gingival grafting technique is highly predictable and results in stable and healthy band of tissue around the tooth/implants.”

The practice also offers dental implants to replace missing teeth or keep dentures in place.

“They integrate with the bone in your jaw for a long-lasting replacement of your tooth,” she said. “They can replace one to many teeth. They also help in the function of chewing, improving the quality of life.”

Knowing that many people fear going to the dentist, the practice offers various options for sedation, including oral conscious sedation, IV sedation and nitrous oxide. They also provide neck pillows, blankets, television with remote, bottled water, coffee, headphones and free WiFi.

Dr. Nimbalkar attended three extra years of residency and training in Periodontics and Implant Surgery at Loma Linda University in California upon graduating from dental school. She has a Master of Science in Periodontics degree and also received an Advanced Dental Education certification.

SKY Periodontics and Implant Dentistry is located at 5422 Highway 6 in Missouri City. To learn more or make an appointment, visit www.skyperioimplants.com or phone 281.994.7346.

Fort Bend County Nonprofit Spotlight

For patients and caregivers traveling to the Fort Bend County area to receive vital medical treatment, The Ballard House serves as a beacon of hope and compassion, offering a nurturing environment for those in need.

The Ballard House got its start in 2006 when Mo Anderson, vice chairman for Keller Williams Realty International, challenged local offices to make a significant and lasting statement in their community.

Keller Williams Premiere Realty office in Cinco Ranch decided to establish Cinco Charities, with a goal obtaining a rental home to temporarily house patients of all ages and their caregivers.

In 2011, Erin Ballard, a cancer patient herself, heard about Cinco Charities from her oncologist. She was inspired to donate the use of one of her rental properties to Cinco Charities to expand their outreach. Her husband Monty became involved and chose to donate funds to build a house with 26 rooms. In 2013, The Ballard House became a reality.

“We now have 40 rooms after making an addition of 14 rooms in 2019,” said David Brown, Executive Director for The Ballard House. “We have guests from all over the world who are given no-cost housing for treatment of any life-threatening illness.”

The Ballard House helps alleviate the financial and emotional burdens associated with finding accommodation during challenging times. The beautifully designed facility offers a warm and welcoming atmosphere, with spacious guest rooms, a chapel, library, game room, family room, kitchen and serenity garden all aimed at providing comfort and solace to those who stay there. Up to four caregivers can stay with the guest in a room.

“We receive feedback from guests who tell us they would not have been able to afford the treatment if they had to pay for housing for 60 days,” Brown said. “We don’t offer medical services here, but our housing and meal services provided and donated by our community are so important to our guests.”

What sets The Ballard House apart is the sense of community it fosters. Volunteers and staff members ensure that every need is met, offering a listening ear, a comforting smile and practical assistance. The bonds formed between families facing similar struggles create an invaluable support system, providing a sense of belonging and understanding during difficult times.

“We are amazed on the comments we receive from guests on how much it meant to them to receive the support and show of love from

our volunteers and staff,” Brown said. “We have our community room where guests dine together and are able to share experiences with those facing the same thing. As we say, The Ballard House is life-giving support to those that need it most.”

The non-profit is always in need of volunteers to man the phones, provide housekeeping and support guests. Donations are also needed as The Ballard House does not accept any federal or state government funding.

Brown is thankful to everyone who has supported The Ballard House and its guests over the years.

“We are 10 years old and have provided more than 80,000 no-cost room nights to those who are going through the most difficult time in their lives,” Brown said. “Our volunteers and community have embraced our mission and have provided a loving, supportive community and will continue to bless thousands of people from all over the world.”

Back-to-School Event with

Riverstone's IceBox Cryotherapy, is bringing the therapy to us! Schedule your 10-minute session on the app and start recovering from your summer!

Localized Cryotherapy targets a specific area of the body to treat inflammation due to injury, surgery, skin conditions, or chronic pain. It's a quick & effective treatment that uses cold vapor to penetrate the targeted area deeply. When the area begins to warm itself after the treatment, regenerative and oxygen-enriched blood rushes to the area, resulting in a flush of inflammation & toxins.

Wednesday, August 9th, 8:30–10:30am—The Ballroom at the Club at Riverstone

PLEASE MIND YOUR GYM MANNERS

With temperatures rising and flowers blooming, we all can feel Summer is in the air. As we enjoy the sunny days, the Riverstone Fitness Team wants to remind you of some simple gym etiquette to remember as we work our muscles into summer readiness.

Wear and tear is normal in a fitness center, but we need your help to keep our facility in tip-top shape.

1. Please do not slam weights or plates. Doing this will cause the equipment to break.
2. Please refrain from talking on your cell phone while on a machine.
3. Your workout is not done until you re-rack your weights. Please replace all equipment to its appropriate storage place.
4. Please wipe down all equipment after use so the next person only shares only the equipment.
5. Medicine balls are for tossing; slam balls are for slamming. Please use the correct ball for your workout.
6. Every cardio machine has designated handhold areas. If you must hold on, please use the provided grips. Improper use can lead to equipment damage.

If you don't know how something works, please ask our staff! We're here to help!

Tennis Court Etiquette

- Talk quietly when standing near tennis courts that are in use so as not to disrupt players on adjacent courts.
- Never walk behind a court when a point is still in play. Wait until the point is over and then cross as fast as possible to get to your own court.
- When sending balls back to a neighboring court, roll them on to the back of the court.
- Never send them back while play is in progress. Also, if one of your balls rolls into an adjacent court, don't run after it, just wait for your neighboring court to return the ball when it's convenient.
- When reserving courts please be considerate to other residents by cancelling your reservation when you know that you will not be using it.

Tennis Court Reminders

- Court #6 at The Club at Riverstone and court #9 at Riverstone Blvd are designated as walk on courts. They are available for walk-on play during tennis court hours. Please be mindful when using the courts for walk-on play and limit your time to a maximum of 2 hours.
- Please remember all tennis court reservations are now available through the Riverstone app only.
- Remember that court reservations will be forfeited after 15 minutes of not showing up for scheduled start time.
- Tennis courts are for the use of tennis or pickleball play only. Any other sports or equipment are strictly prohibited. For more information refer to rule #4 at the Resource Center under Community Info.
- Parking for use of Tennis Courts 9 & 10 is at the Riverstone Blvd Recreation Center. Please refrain from parking within the Parkside neighborhood.

BLAST FROM THE PAST

The sky over Riverstone was brought to life as fireworks decorated the night once more for the annual Fourth of July—Red, White and Boom celebration! Festivities included food trucks, children's activities, a live performance from the popular group The Spazmatics, and much more. The evening concluded with energetic cheers as residents gathered on the event lawn to view the spectacular fireworks display choreographed to tunes. Thank you to our event sponsors Master Lee's World Champion Taekwondo, The Honor Roll School, Orange Theory Fitness, Carrus Care Emergency Room, Astound, and Cloud 9 Foot Spa.
