With its modern exterior and beautifully appointed living spaces, the Darling Collection 5811 floor plan is a comfortable, refined place to call home. The first floor is the heart of the home, with an open main living area that holds a spacious gathering room with an open kitchen and casual dining area. The designer kitchen features a large island and step-in pantry. The owner's suite with a large walk-in closet is privately tucked away at the back of the home and also has easy access to the laundry room. The media room, study, and guest bathroom round out the first floor. Upstairs features 3 bedrooms, 3 bathrooms, and a large game room. Structural options added to 4619 Brazos Shores Drive include: standing shower at bath 2, bath 4, bay at owners suite, bed 5 / bath 5, tub 2 at owner's bath, and, sliding doors at the dining room.
