Please provide a brief biography of yourself, including why you are interested in serving as a member of the Board of Directors, and why you are uniquely qualified to do so.

I've always been passionate about being involved in my community and helping people. In the past, that drive has manifested itself in many volunteer and support positions where I assist with all kinds of needs, from new moms of twins via local and state-level non-profits to neighbors in the Riverstone Facebook and WhatsApp groups. It can also be clearly seen through my 20-year career in Customer Service. Most Riverstone residents know me from my time working for the HOA, where, as the only resident employee, I was a strong, vocal, behind-the-scenes voice for the residents, though many know me from my work on the ground during Hurricane Harvey, with Sullivan Elementary PTA, as a volunteer Leader with local Cub Scout Packs, and/or as an informative and impartial voice on homeschooling after COVID. After 7 years of living in Riverstone, I am uniquely qualified as the only candidate with in-depth knowledge of our neighborhood's biggest concerns, as well as how the HOA works. My primary goals are to increase HOA communication with residents while being fiscally responsible with our annual dues.
