Please provide a brief biography of yourself, including why you are interested in serving as a member of the Board of Directors, and why you are uniquely qualified to do so.

A 27-year resident of Sugar Land and alumnus of FBISD elementary, middle, and high schools. I understand first-hand that residents seek a balance between a community that is warm, open, friendly and a community that is safe, protected, and secure. As a homeowner who's home was burgled within a week of closing, I want to pursue higher levels of safety with a more active presence from the county and city law enforcement, which in turn will engender a more protected community for families to reside in. Following the multiple extended power outages over the past year, I also want to decrease response times for the restoration of services following natural disasters that affect us all with more transparent and substantially increased communication from service providers to the community.
