

Fellow Neighbors!

My name is Jay Parekh and I have submitted my name for nomination as a candidate for the position on the Board of Directors of the Riverstone Homeowner's Association. I and my wife Ketki with our two beautiful Kids have been a current resident of Millwood Subdivision in Riverstone since 2012.

My career includes a 17 years of rich entrepreneurship. I am currently an owner of a service oriented business. I am also a Realtor serving the real estate industry which is a great plus for this position of serving Riverstone communities.

I have served as a volunteer for a number of non-profit community based and religious organizations and am familiar with the process of board activities and communication with members of the community.

I believe that the Riverstone community is a wonderful home with good amenities and would like to contribute my talents to continue to make it enjoyable for everyone. We all had gone through the pain of disastrous Hurricane Harvey and I was a victim of the after math of flooding just like many others, So I decided to take a stance and would like to take the opportunity to serve on the board to help in some important decisions of future Riverstone.

My feeling is that there could be better communication and transparency around the discussions and decisions of the Board. I would like to encourage more participation and dialogue through active committees.

I would appreciate your consideration of casting a vote for me in the upcoming Riverstone HOA election and look forward to meeting you in person at community meetings or gatherings.
