## Delinquency Matters

*Due to the state of the economy during this pandemic, the Association is experiencing an increase in the number of homeowners who may be experiencing financial challenges. If you are unable to pay for your assessments, please take the time to contact our Finance Department immediately to set up a payment plan. This may save you time and additional expenses incurred by late fees, lien charges and legal fees from the collection attorney. You may contact the Finance Department at [Finance@rshoa.org](mailto:Finance@rshoa.org) for assistance. A Riverstone HOA Finance Team representative will be happy to assist you.*

## A Note from the Compliance Dept

### Compliance Reminder About Parking in our Community

*The Riverstone HOA does have a parking policy in place which outlines our parking rules within the Community. Below are some highlights from this policy.*

Qualified Vehicles is defined as—passenger automobiles, passenger vans, motorcycles, or pick-up trucks that are in working order, current on vehicle tags, and are in regular use. Any vehicle that does not meet these requirements is considered to be a stored vehicle and must be completely concealed from public view.

Vehicles may not be parked in the Street for more than 7 consecutive days. The intent of this provision is to keep the Streets clear and allow for the unobstructed flow of traffic.

No vehicles may be parked so as to obstruct or block a sidewalk, parked either wholly or partially on a curb, or be parked on a grassy area.

No vehicle may be parked in such a way as to inhibit or adversely affect ingress/egress from a driveway on a daily basis

Commercial vehicles, including but not limited to associated machinery, trailers or equipment in use for the construction, repair or maintenance of a Residence, Lot, or Common Area may be temporarily parked in the immediate vicinity of such Residence, Lot or Common Area, but only for the time necessary for such purpose.

A recreational vehicle with not more than two axles may be temporarily parked in front of a Lot or on the driveway of a Lot for up to forty-eight (48) hours for loading and unloading only.

For more information on the parking policy please visit our website [www.rshoa.org](http://www.rshoa.org)

*As a reminder to help keep streets clear and allow for the unobstructed flow of traffic, the Association's Board of Directors previously adopted parking rules and regulations. The policy may viewed in its entirety by visiting the HOA website at [www.rshoa.org](http://www.rshoa.org) > Resource Center > RSHOA Policies & Guidelines > Parking Rules and Regulations. Some highlights include:*

#### Non-Gated Neighborhoods

- Registered, operational, non-commercial vehicles may not be parked in the street for more than seven (7) consecutive days. *\*It is NOT the intent of this provision to permit the regular use of streets as parking areas, and the Association will have the sole discretion in determining whether a vehicle violates the provision.*
- Parked vehicles may not obstruct sidewalks or be parked on a curb or grassy area.
- Parked vehicles may not adversely affect ingress/egress from a driveway on a daily basis.
- Commercial vehicles may be parked temporarily for the purpose of providing a service, making a delivery, or picking up materials, but only for the time necessary for such purpose.
- Recreational vehicles (ex. campers, golf carts, boats, etc.) may not be stored on residential lots for more than forty-eight (48) hours unless written request is received and approved by the HOA. Recreational vehicles may be stored on residential lots for longer periods provided they are completely concealed from public view inside a garage or enclosure approved by the HOA.

#### Gated Neighborhoods

- Parking on roads and alleyways owned by the HOA is prohibited. Vehicles left on HOA property for more than 24 hours may be towed at owner's expense with no prior notice.
- Additional parking restrictions may be set forth in a neighborhood's supplemental declarations.

# RIVERSTONE WETLANDS

## An Important Part of the Community

***Did you ever wonder why there are plants growing in some of the lakes around Riverstone?*** There are approximately 25 acres of man-made wetland areas within the community. When Riverstone was beginning development, impacts to special aquatic sites, e.g. existing wetlands, were unavoidable. As a result, Riverstone was required to obtain a permit from the United States Army Corps of Engineers (USACE) by stating impacts and including mitigation of resources for the aquatic ecosystem in this area.

New wetland areas were created within the lakes that were constructed throughout the Riverstone community. These new wetland plants, while fulfilling the mitigation component of the USACE permit,

also provide valuable ecosystem services to the area. These services include, but are not limited to: fish habitat, food for wildlife, water quality enhancement, biodiversity, and nutrient cycling.

Maintenance activity within the wetlands is limited in order to comply with federal laws. Furthermore, since Riverstone's wetlands are intended to be natural systems, they are not manicured to the same aesthetic standards as a resident's lawn or some of the other common areas. While some residents may consider the wetlands unsightly during portions of the year, these areas are providing valuable function to the environment.

*(Thank you to Berg-Oliver Associates, Inc. for providing this information.)*

# BUSINESS SPOTLIGHT

## KIDDIE ACADEMY<sup>®</sup> EDUCATIONAL CHILD CARE

**As the parents of three children, Ian and Teri Baierlipp know first-hand the challenge of finding high-quality childcare. Their ups and downs led them to bring something better to Missouri City—Kiddie Academy, a safe family-centered childcare program.**

*The Baierlippo opened Kiddie Academy Missouri City at 3811 Raoul Wallenberg Lane in 2018. It quickly became a hit with Riverstone parents due to the proprietary Life Essentials curriculum, which emphasizes child development, technology education, character education and health and fitness.*

*Creativity and exploration are encouraged at Kiddie Academy through the age-appropriate, standards-based curriculum. The curriculum is flexible, allowing children to learn at their own pace, utilizing their strengths.*

*Traditional subjects such as reading, math and science are taught but Kiddie Academy also exposes children to the latest technology, integrat-*

*ing it into their day so they are comfortable using computers from an early age.*

*Character education happens every day with children encouraged to respect one another, share, use their manners and treat everyone with compassion.*

*Health and fitness are also part of the day. Kiddie Academy provides nutritious meals and encourages children to engage in physical fitness through fun games and access to a beautiful playground.*

*A Health Essentials Program provides parents with peace of mind with a set of standard operating procedures that can help mitigate the spread of potential infection. These procedures include wellness training for the staff and children, daily laundering of soft items and bedding, disinfection of classrooms throughout the day, temperature monitoring and more.*

*All of this adds up to happy, healthy children who will be prepared for the next stage of their educational journey.*
