HOA CORNER

Why Topping Hurts Trees

Now that spring is here; you'll likely spend more time outside and may begin to consider pruning your trees. Please take care to properly crop branches to avoid over-trimming or topping your trees. Topping is the indiscriminate cutting of branches back to stubs or lateral branches that are not large enough to sustain the remaining branch. This pruning method is often used to reduce the size of a tree. A homeowner may feel that their tree has become too large for their property or that tall trees may pose an unacceptable risk. Topping, however, is not a viable method of height reduction and certainly does not reduce future risk. Additionally, this practice is not approved by the Riverstone Home Owners Association and is considered a compliance violation.

FACTORS TO CONSIDER:

Stresses Trees

Topping can remove 50 to 100 percent of a tree's leaf-bearing crown. Leaves are the food factories of a tree. Removing them can temporarily starve a tree and trigger various survival mechanisms.

Leads to Decay

Correct pruning cuts are made just beyond the branch collar at the point of attachment. The tree is biologically equipped to close such a wound, provided the tree is healthy enough and the wound is not too large. However, cuts made along a limb between lateral branches create stubs with wounds that the tree may be unable to close. Causing the exposed wood tissues to begin to decay.

Can Lead to Sunburn

Branches within a tree's crown produce thousands of leaves to absorb sunlight. When the leaves are removed, the remaining branches and trunk are suddenly exposed to high levels of light and heat. The result may be sunburn of the tissues beneath the bark, which can lead to cankers, bark splitting, and death of some branches.

Makes Trees Ugly

The natural branching structure of a tree is a biological wonder. Topping removes the ends of the branches, often leaving ugly stubs. Topping destroys the natural form of a tree.

It's Expensive

Topping can lead to increased maintenance costs, Reduced property value, and increased liability potential.

Alternatives to Topping

Sometimes a tree's height or spread needs to be reduced, such as to provide utility line clearance. There are recommended techniques for doing so. Small branches should be removed back to their point of origin. If a larger limb must be shortened, it should be pruned back to a lateral branch that is large enough (at least one-third the diameter of the limb being removed) to assume the terminal role. This method of branch reduction helps to preserve the natural form of the tree. However, if significant cuts are involved, the tree may be unable to close over and compartmentalize the wounds.

Please Pick Up After Your Pet!

It doesn't take much to remember that we have pets in our community. In fact, if you don't watch your step, you're liable to step in one such reminder! Take a baggie along with you to pick up the waste and then dispose of it properly. By taking a few simple steps to clean up after your pet, you can contribute towards the elimination of one of the most irritating nuisances in our community.

Business Spotlight

Riverstone residents looking for a sweet place to enjoy cakes, cupcakes and other baked goods are flocking to the area's newest bakery, Crave Me Cakes.

Mirelis Molero heads up the family-owned business which opened in March of this year.

"It has been a wonderful journey ever since we opened," Molero said. "We chose Riverstone because we love the wide variety of families, businesses and professionals located in this vibrant community where we can offer our baked goods to a welcoming neighborhood."

Molero has been in the baking business for more than 15 years. She wanted to share her family recipes and creations with others.

"We really love it when people come to our bakery and enjoy the environment and the fresh, homemade treats baked with love and the finest ingredients," she said. "Seeing smiles on their faces when they take a bite of our pastries or hearing how our cakes made their special occasions even more memorable is incredible rewarding."

Crave Me Cakes offers a fantastic array of cakes, cupcakes, cookies, croissants and more. Molero said that the Tres Leches cake and the signature Dulce de Leche and cookies and cream cupcakes are already customer favorites.

Molero and her staff have their own favorites.

"For salty things, we love our delicious pastrami, bacon and cheese croissants with a caramel cappuccino iced coffee," she said. "For our sweet treats, we love the Dulce de Leche, Nutella and strawberry

cupcakes. Our brownies and Tres Leches portions really make the difference in our beautiful bakery."

While the bakery has only been open a few months, Molero said they are already making plans for the future.

"We are looking forward to exploring and expanding our menu with more seasonal items," she said. "We want to introduce our bakery as a meeting place for enjoying baking classes and tasting our delicious treats. We are also exploring the possibility of opening a second location."

Molero said customers often say they love the warm, friendly atmosphere of the bakery and appreciate the care and attention to detail they put into every item. She wants the community to know they care about them.

"We want Riverstone residents to know that our bakery is dedicated to providing the freshest, highest quality baked goods," she said. "We are committed to being a part of this wonderful community and always welcome feedback to ensure we are meeting the needs and desires of our customers."

Crave Me Cakes is located at 4821 LJ Pkwy in Sugar Land. For more information, give them a call at 281.207.6025.

Tennis Court Etiquette

- Talk quietly when standing near tennis courts that are in use so as not to disrupt players on adjacent courts.
- Never walk behind a court when a point is still in play. Wait until the point is over and then cross as fast as possible to get to your own court.
- When sending balls back to a neighboring court, roll them on to the back of the court.
- Never send them back while play is in progress. Also, if one of your balls rolls into an adjacent court, don't run after it, just wait for your neighboring court to return the ball when it's convenient.
- When reserving courts please be considerate to other residents by cancelling your reservation when you know that you will not be using it.

Tennis Court Reminders

- Court #6 at The Club at Riverstone and court #9 at Riverstone Blvd are designated as walk on courts. They are available for walk-on play during tennis court hours. Please be mindful when using the courts for walk-on play and limit your time to a maximum of 2 hours.

- Remember that court reservations will be forfeited after 15 minutes of not showing up for scheduled start time.
- Tennis courts are for the use of tennis or pickleball play only. Any other sports or equipment are strictly prohibited. For more information refer to rule #4 at the Resource Center under Community Info.
- Parking for use of Tennis Courts 9 & 10 is at the Riverstone Blvd Recreation Center. Please refrain from parking within the Parkside neighborhood.

Club 55! Cinco De Mayo

In celebration of Cinco de Mayo, Riverstone's Club 55! members gathered at the clubhouse for an evening of fun with a delicious taco bar, Arroz con Leche, and mini margarita cheesecakes! Attendees dance the night away to the soothing sounds of the sensational Three Amigo Mariachi Band. Thank you to everyone who came out and made this a fiesta to remember.
