Frequently Asked Questions

HOME & PROPERTY MAINTENANCE

The Riverstone Compliance Department regularly receives questions from residents about home and property maintenance. Below are answers to some of the most common questions we receive. We hope this serves as a helpful guide to keeping your home in great condition while preserving the beauty of our community.

How can I prevent mold and mildew on my home?

Our area's heat and humidity make mildew a common issue. To help protect your home:

- Power wash siding and fences using a mildew-cleaning solution.
- Inspect your home quarterly, including less-visible areas like chimneys.
- Touch up paint as needed after cleaning.

How should I maintain my lawn and landscaping?

Routine lawn care helps keep Riverstone looking its best.

- Fertilize in March, June, and September.
- Maintain grass at approximately 2 inches.
- Mow as needed during winter and every 7–10 days from spring through fall.
- Remove excess grass clippings or use a mulching mower.
- Keep weeds under control and maintain landscape edging.

Can I install a basketball goal?

Yes, but Architectural Review Committee (ARC) approval is required before installation.

- Portable goals are **only permitted in rear yards that are not visible from public areas.**
- Basketball goals are not permitted on lakefront lots or lots adjacent to trails, creeks, or common areas.

Who is responsible for sidewalks and driveways?

Homeowners are responsible for maintaining sidewalks and driveways adjacent to their property.

- Keep surfaces clean and free of mildew.
- Repair uneven or sunken panels when necessary.
- If damage appears to be related to nearby utility infrastructure, contact SiEnvironmental for assistance.

How should I maintain my fence?

All fencing should be maintained throughout the year.

Wood Fences

- Keep the finished (clean) side facing the street.

- Coordinate maintenance with neighbors for shared fences.
- Clean, stain, and repair fencing as needed.

Iron Fences

- Prevent rust with routine painting.
- Maintain both sides of fences that face common areas.

What are my responsibilities for trees?

Homeowners are responsible for maintaining all trees on their property, including those located between the sidewalk and street.

- Trim branches to approximately 7 feet above sidewalks and roadways.
- Remove dead limbs, vines, and sucker growth up to 6 feet on tree trunks.
- Replace unhealthy or damaged trees when necessary.
- Avoid topping trees or removing all major limbs.

Do I need approval before making changes to my home?

Many exterior improvements require Architectural Review Committee (ARC) approval before work begins.

- Submit a Modification Application before starting your project.
- Wait for approval unless the project qualifies as pre-approved.
- Visit the Riverstone resident website for applications and design guidelines.

Who do I contact about parking issues?

It depends on where the vehicle is parked.

- **Public streets:** Contact local law enforcement.
- **Private or gated neighborhoods:** The HOA may enforce applicable parking restrictions.

Thank You for Helping Keep Riverstone Beautiful!

Your commitment to routine home maintenance and community standards helps preserve property values, enhance curb appeal, and maintain the exceptional quality of life that makes Riverstone a wonderful place to call home. BACK TO SCHOOL AND BACK TO HEALTHY HABITS

As August arrives, many of us will be getting back into the rhythm of early mornings, after-school activities, and busy evenings helping with homework. While the whole family's schedule may be getting busier, this is also the perfect time to reset our healthy habits. Meal prepping is one of the easiest and most effective ways to make the week run a little smoother, while also prioritizing healthy eating.

Meal prep doesn't have to mean spending your entire Sunday in the kitchen. Setting aside even just one hour to prepare a few basics can save you time, reduce stress, and help the whole family make healthier choices throughout the week.

Here are a few simple ideas to get started:

Plan with a Purpose. Before heading to the grocery store, choose a few dinners for the week and make a shopping list. Having a plan helps eliminate the daily question of "What's for dinner?" and makes healthy eating much easier.

Prep the Building Blocks Wash and cut fruits and vegetables, cook a big batch of sweet potatoes or rice, and prepare a lean protein such as chicken, turkey, or beans. With all of these staples ready to go, putting together meals takes just minutes.

Keep Healthy Snacks Within Reach Stock the refrigerator and pantry with easy to-go options like Greek yogurt, fresh fruit, cheese sticks, hummus with veggies, nuts, or hard-boiled eggs. When healthy choices are easy to grab, they're much more likely to be eaten.

As your family settles back into a routine, remember that healthy habits are built one small step at a time. A little preparation today can lead to less stress, more family time around the table, and healthier choices all week long.

Here's to a happy, healthy, and successful school year from your Riverstone Fitness Team!

- When sending balls back to a neighboring court, roll them on to the back of the court.
- Never send them back while play is in progress. Also, if one of your balls rolls into an adjacent court, don't run after it, just wait for your neighboring court to return the ball when it's convenient.
- When reserving courts please be considerate to other residents by cancelling your reservation when you know that you will not be using it.
