BUSINESS SPOTLIGHT

TP HEALTH CLINIC

Last year, TP Health Clinic opened its doors in Riverstone offering a fresh take on accessible, compassionate healthcare to residents and the surrounding community.

According to Dr. Fahd Rawra, founder and Medical Director of TP Health Clinic, the clinic's goal is simple, to provide top-notch care with kindness, promoting overall well-being.

ties under one roof—primary care, psychiatry, therapy, endocrinology, cardiology, neurology and more, all without having to leave your own neighborhood.

TP Health Clinic also accepts a wide range of insurance plans to ensure accessibility for as many patients as possible. These include Medicare, Aetna, Blue Cross Blue Shield (BCBS), Cigna, and United-Healthcare (UHC).

“By offering a wide range of specialties and services in a single, convenient location and accepting most major insurance plans, TP Health Clinic removes the barriers to getting the care families need, saving time and reducing stress while prioritizing exception-

“Houston houses the world’s largest medical center with many of the world’s best physicians and care,” Dr. Rawra said. “But the reality is, most families can’t get an appointment or make their way across town regularly for follow ups. TP Health is in your neighborhood to be your neighbor.”

When deciding where to establish the clinic, Riverstone emerged as the ideal location. Its central placement allows doctors and nurses to serve a wide range of communities, offering convenient access to high-quality healthcare for families in a rapidly growing and dynamic area.

“Touching neighborhoods like Riverstone south, Sienna, Greatwood and beyond, Riverstone is a hub for diverse cultures and families who require equally diverse care,” Dr. Rawra said.

At TP Health Clinic, convenience and comprehensive care come together to create an unparalleled healthcare experience for patients.

“Have you ever had to run by three different drive-thru lines to get what everyone wanted for dinner?” Dr. Rawra said. “Sometimes healthcare can feel the same way. At TP Health, we offer all special-

al patient care,” Dr. Rawra said.

Dr. Rawra wants Riverstone residents to know whether they need help managing long-term conditions, mental health support or regular check-ups for their families, TP Health Clinic is ready to meet their needs with care that’s designed just for them.

TP Health Clinic is located at 4810 Riverstone Boulevard in Missouri City. For more information or to make an appointment, visit <https://tphealth.care/>.

Berries, Berries, Berries!

It's berry season in Texas! Strawberries, blueberries, blackberries, and raspberries are all at their prime in May and June in Texas. Make an amazing berry salad in May, including any or all of these berries, for a delightful treat for your family or party.

To clean berries, soak them in water with a couple of tablespoons of white vinegar. This trick allows the berries, which often spoil quickly, to last longer refrigerated. Dry well, combine, refrigerate, and enjoy on a warm day on the patio or by the pool!

- Talk quietly when standing near tennis courts that are in use so as not to disrupt players on adjacent courts.
- Never walk behind a court when a point is still in play. Wait until the point is over and then cross as fast as possible to get to your own court.
- When sending balls back to a neighboring court, roll them on to the back of the court.
- Never send them back while play is in progress. Also, if one of your balls rolls into an adjacent court, don't run after it, just wait for your neighboring court to return the ball when it's convenient.
- When reserving courts please be considerate to other residents by cancelling your reservation when you know that you will not be using it.

Tennis Court Reminders

- Please remember all tennis court reservations are now available through the Riverstone app only.
- Remember that court reservations will be forfeited after 15 minutes of not showing up for scheduled start time.
